Animé® Lubricant

Lubricant with hyaluron for HER and HIM

Ingredients

Purified water, propylene glycol, glycerol, hydroxyethyl cellulose, sodium hyaluronate, benzoic acid

Content

- Tube 50 ml

Indications

Animé® Lubricant Gel has a stimulating effect and can make sex more enjoyable and pleasurable. Its composition, which includes hyaluronic acid, makes it extremely kind to the skin. It provides moisture and nourishes the upper layers of the skin at one and the same time.

Application

The amount individually needed is applied directly to the skin or to the desired site with a finger. Animé® ensures rapid moistening and improved gliding properties. It is intended for temporary and external use.

Properties

- odourless
- colourless, makes no spots
- water-soluble
- free of parabens and silicones
- promotes wound healing
- relieves dryness
- good skin tolerance
